edTPA EPP Performance Summary
July 2020 - June 2021
The College of New Jersey

Description of Report

This edTPA report is designed exclusively to assist Education Preparation Programs (EPPs) and/or State Agencies in evaluating the performance of their candidates as compared to the population of candidates taking edTPA within the state, and nationally. Because of the proprietary and interim nature of the performance information, State Agencies and EPPs must implement appropriate safeguards to protect against improper disclosure of this information. Official public release of national edTPA performance information will be made by the Stanford Center for Assessment, Learning and Equity (SCALE) through an annual public document.

This report includes mean candidate performance, an abbreviated distribution of total scores for National fields, and distributions of rubric level scores and condition codes reported by field. SCALE encourages programs to review the data with faculty in ways that support inquiry and program renewal. Please refer to the edTPA Summary Read Me File for a more detailed description and suggested uses of each section of the report.
