

Honors and Scholars

Lauren L.

How did you find out about this opportunity?

I was given the offer to join the program upon acceptance to TCNJ.

When did you join? When can a student join? Why did you join?

I joined when I started as a freshman at TCNJ, but students can join through an application process outlined on the honors department website. I joined because I thought it would be a great opportunity to challenge myself academically

What has your experience been like?

It's been great! I haven't found it to be overwhelming at all, and it has given me the opportunity to take some cool classes I wouldn't have otherwise taken.

What should a student know about this opportunity?

The program asks students to take 5 honors courses to complete the requirements, but if that sounds overwhelming, it isn't bad! There are lots of classes that can double count as both a requirement for your major and for the honors program.

Why should ROSCOE students be interested in this?

It's a great way to challenge yourself academically and find people who are just as driven and passionate about learning.

What faculty or staff do/did you work with?

Dr. Hustis [hustis@tcnj.edu] is very helpful in answering any questions I had about program requirements
